

Daniel Pearl WORLD MUSIC DAYS

2016 Daniel Pearl Peace through Music

Concert Wows Audience

Thank you to everyone who contributed to making our fourth Sister Cities peace concert an evening that won't be forgotten anytime soon. The diversity of the program was symbolic of how music unites us no matter which city, country or continent we live in. The words, music and song spoke to the universal desire for a peaceful world where people of different races, religions and beliefs can co-exist. We thank everyone who attended to pay tribute to the ideals that Daniel Pearl stood for while alive, and of course, his love of music. We especially want to acknowledge each of the performing groups and

individuals that shared their talents and love of community at the Basilica Shrine of Saint Mary on October 30:

The program included a print memorial of the seventy-one journalists, photographers and broadcasters who died in 2015 while doing their job, without which basic human rights and the benefits of living in a free democracy would not be possible. Only the names of those whose deaths have been investigated and confirmed by the Committee to Protect Journalists were included in the Journalists Memorial. ***Click here to view the 2016 Journalists Memorial**
